Meeting Tonight Designed To Air Sanitary Dispute

Taxpayers Offered Chance To Hear Causes Of High Levies

For the purpose of giving the members of the Truckee Sanitary District and the taxpayers of the district an opportunity to discuss mutual problems, particularly the cause and purpose of the recent boost in district taxes, the Truckee Chamber of Commerce has arranged for a meeting to be held at Donner Lake Lodge tonight at 7:30 o'clock.

Preceding the meeting, which will be presided over by Reginald Smart, chamber president, a dinner will be served at 6:30 for those desiring to attend. Everyone is urged to attend the meeting so that all sides may be properly represented.

The proposed meeting is an outgrowth of the chamber of commerce session at Donner Lake Lodge last Thursday when the subject of taxes and sanitary board projects was under discussion. President Smart at that time suggested that an open meeting be held so the matter could be brought out and the directors of the district have indicated a desire to attend and explain their stand.

There has been considerable comment relative to the high tax imposed this year by the sanitary board.

DISCUSS PROBLEMS OF LOCAL SCHOOLS AT MEETING HERE

Purposes and methods of education in California, with emphasis on local district school curricular, was under discussion led by Miss Miriam Gunter, coordinator for the district, at Monday night's meeting of the Parents and Teachers Association at the high school.

Several schools of thought were advanced and the open forum elicited a variety of ideas as they pertain to the new system of instruction which was inaugurated two years ago through the combined efforts of leading educators and officials of the Parents and Teachers Association.

Following Miss Gunter's talk, the meeting was opened for questions and answers and later refreshments were served. Mrs. Donald Sites, PTA president, was in charge of the meeting.

In addition to a lange turnout of Truckee people, a delegation from Lake Tahoe appeared to take part in the discussion. Another similar meeting is being planned at Tahoe City in the near future. SOLONS STUDY PUBLIC LANDS IN LAKE DEAL

SACRAMENTO —(W. N. S.)— The senate and assembly interim committees on public lands will continue to press investigations into the problem of land exchanges and acquisitions whereby the federal government gains control.

Following a recent joint meeting of the two committees at which Senator H. E. Dillinger, Placerville, led a delegation voicing approval of forest service acquisition of the Baldwin-Pope estates on the southwest shore of Lake Tahoe, it was learned the committees will continue investigation of the exchange process and include its findings in a report to the senate next January.

The Baldwin-Pope estates are being acquired by the forest service in exchange for stumpage rights and timber receipts in the four California counties of the El Dorado National Forest, Amador, Alpine, Placer and El Dorado.

At the meeting of the committees, there was no opposition to the acquisition of the property but several delegates spoke out against the method by which the acquisition was being made.

Meadow Park Residents Work for New Roads

Ten residents of the Meadow Lake Park district last week employed Ernie Dugan and his tractor to make a road through the main residential development by felling trees, removing rocks and smoothing the surface for easier travel in the winter.

Chamber Plans Decoration For Holiday Season

Prizes Will Be Awarded For Displays Along Main Street

Plans for decorating the main street of Truckee during the Christmas holiday period have been started by the chamber of commerce.

Reginald Smart, president of the chamber, said that already a considerable sum has been donated to offer prizes to local merchants presenting the best dressed store fronts. Each store and business will be asked to participate so that Truckee will be one of the best dressed Christmas shopping centers in the state.

Smart reports that local Christmas tree cutters and dealers are donating ample trees so that one can be installed in front of each store, or at regular intervals, along the thoroughfare. With a bit of decorations, Truckee, normally with a Christmas setting and atmosphere, should be more than attractive.

Further details will be announced by the chamber later, Smart said.

by Walter M. Barrett

Members of the board of directors of the Truckee Sanitary District tonight will be given an opportunity to explain why the recent tax bills were so high and answer questions of taxpayers as to where and how the money will be expended. In arranging the meeting, the Truckee Chamber of Commerce hopes to iron out differences which have been voiced high and wide and reach a satisfactory conclusion. Everyone interested is urged to attend the meeting and discuss the matter pro and con. There are, no doubt, two sides to the question and most certainly the taxpayer has the right to know how his money is being spent and to object if he is not satisfied. The session should develop some interesting points and should result in a clearer understanding between the board and the people the board serves.

In response to public appeal, two additional state highway patrolmen have been assigned, temporarily at least, to this area of Highway 40. This increase, though still inadequate, provides considerable more protection to the traveling public than was had for several weeks and the drop in accidents reflects the importance of the additional men. We sincerely hope that headquarters of the patrol will make permanent appointments here and eliminate, as far as possible, the uncalled for hazards, such as drunken and careless driving and violators of the rules of the road, on the highway.

Emilio Pesce of Stockton, whose jewelry store on US Highway 99 north of that city was held up and robbed of $40,000 in jewelry, is well known here and at Reno where he has relatives and where he often visits.

The robbery took place last Wednesday. Pesce and his brother, Joseph, and Mr.s Florence Farthing, an employee, were in the store when two men entered and after asking to see watches, drew guns and forced the three into a rear room where they were bound. As the thieves started to ransack the safe, Mrs. Farthing's husband and a second man entered. They too were bound while the thieves continued collecting the valuables.

The robbers were described as Mexicans or Filipinos and were "very polite."

Truckee Travel Continued High During October

Truckee Remains Second As Point of Entry Into State

Yermo was first with less than 7,000 cars more than the local station during the month.

Stateline on Highway 50 reported a total of only 6,259 automobiles for the month and the Brockway station had 1,205, according to the report.

Besides the more than 30,000 automobiles, the Truckee station reported 2,918 commercial vehicles and 538 stages, with a total of 89,743 passengers. Truckee had more stages than any other station on California's borders.

The count of vehicles does not include local cars nor trucks and neither does it include eastbound traffic.

FIVE ARE FINED FOR POSSESSION OF DEER MEAT

Five young bay area men, ranging in age from 18 to 26, were fined $20 each when they appeared before Justice of the Peace R. N. Little on Monday, charged with illegal possession of deer meat.

According to their story, the five accidentally killed the deer on Highway 50 en route to Reno Sunday. They decided to keep the meat and were en route home at 5 o'clock Monday morning when they neared the quarantine station. Realizing their car would be searched, they returned east a short distance, carefully secreted the small animal in the rear seat and again drove west.

At the station, the deer was discovered and Game Warden Tom Borneman was called to investigate.

The five are Alfred Maxwell, Charles Peacock, John Trompeter, Ronnie Ridnor and James Maxwell, all of Concord and Vallejo.

Major Storm Is Sweeping Area; Precipitation Up

Early Skiing Season Seen As Consequence Of Snow Fall

A typical winter storm was lashing this region today as precipitation figures broke records and traffic over Donner Summit slowed to a walk. Winds ranging up to 70 miles an hour preceded the wet snow fall. Skid chains were required over the summit as state maintenance crews worked to keep the highway open to all traffic.

Approximately a foot of snow had fallen in Truckee and twice that much was reported from Donner.

The storms during November have brought 1.45 inches of precipitation up to 9 o'clock this morning and made the season's total 7.72 inches, or more than five inches over normal to date. The normal for November, with still half a month to go, is 3.44 inches, according to the U. S. Forest Service station here, which keeps records.

William Curran, assistant fire control officer, who announced the figures, said the low temperature for the past week was 13 and the high 62 degrees.

The California Highway Patrol reports no wrecks have resulted from the storm although several vehicles, principally heavy trucks, have stalled over the summit.

Trouble shooting crews of the various public service companies — electric, telephone and transport — have been working continuously through the storms to maintain these services without interruption, despite frequent damage from falling trees, heavy wet snow and high winds.

Favored with a considerable snow fall the last few days, winter resorts from Rainbow Tavern over Donner Summit to Truckee and Lake Tahoe were preparing to swing open their doors for the 1950-51 ski season.

State highway patrol reported a fall of 17 inches of new snow yesterday morning at Donner and weather prophets hold promise of more to come.

If Your Bathroom Light Casts Annoying Shadows and Glare . . .

DON'T think you have to center one fixture over the bathroom mirror. A lamp placed in this position casts shadows on the neck and chin, makes shaving and other close-seeing jobs difficult.

DO install two fluorescent or incandescent fixtures—one on each side of the mirror. For shadowless, glarefree light, center the lamps at 5 feet, 2 inches high and cover them with translucent shields.

The motorist failed to stop.

The Sears family recently purchased a new Buicksedan for Mrs. Sears and a new Ford pickup for the resort.

SWANEE'S TAHOE LETTER

Tahoe City, Nov. 13

Dear Tahoeites:

It's Monday and the skies are leaden overhead, snow falls steadily but not heavily.

Good news this week for the Jake Stuarts is bad news for the Lake Tahoe Ski Club. Both Stuart and his wife resigned their posts with the club because a change of residence coming up. It is a grand chance for the Stuart family but the club will lose two energetic and conscientious workers who have devoted much of their time and attention to the welfare of the club. The were given a rare ovation by members at last week's meeting and an outstanding tribute by Kay Starratt who spoke for all present. Because of Jake's long standing residence here and his association with the Mountain-Rotary Fuel Company perhaps a few details pertaining to their new life would be of interest. Their boss will be Clinton Turnage, a former neighbor at Lake Forest. Turnage found a good ranch two miles from Milford, Calif., which Jake is to manage. Ned Stuart will go by bus to the high school at Susanville, 25 miles distant, and Jay will attend elementary school at Milford. The boys are eager to move as they will be well supplied with riding horses which are plentiful on the ranch. The ranch itself is comprised of 1800 deeded acres and 1200 acres of government grazing land. Jake is well qualified to manage the big spread and supervise the stocking of the place with purebred white faced cattle, as planned by Turnage. Jake's last job in Oklahoma was a similar one and he was raised in the cattle country of Mississippi, his father before him a cattle man. Repairs and alterations are in progress on the Stuart's six-room house, located in a grove of pine and oak, near the main ranch house which will be occupied by the Turnage family. They will raise turkeys, chickens, rabbits, pigs and beef, of course, and a large garden has been laid out and is ready to plant. The Stuarts plan to leave the Wednesday before Thanksgiving for San Luis Obispo to visit their daughter and family, Mr. and Mrs. Lincoln Dempsey and children. Then, around December 1 they will pull up stakes, sell their Lake Forest home and depart for their new life on the ranch. To all of them we say, the best of good luck always.

Mr. and Mrs. Sam Goss have learned from their daugther, Mrs. Chris Burmer Jr. of Santa Cruz that their three grandsons were winners of a $75 prize offered by the Santa Cruz Birthday Party committee for the best kiddies' parade costumes. The three youngsters wore replicas of the uniforms of the Army, Navy and Marines. Their pictures in the uniforms appeared in the Santa Cruz Sentinel on October 20.

New cars are being driven here this week by Mr. and Mrs. C. W. Vernon (a blue Chevrolet club coupe), and a new Cadillac convertible has joined the family of the John Flaggs, a gift to Mrs. F. from her hubby.

Mr. and Mrs. George Kehlet left their Meeks Bay Resort to take up their winter residence at Palm Springs this week.

Will ring off for the week as the cold gets colder and skies get darker. My best wishes to all for good health, good luck and the best of good cheer. As always,

Swanee

Naval Vessel Carries Name Of Donner All Over World

USS Donner, a vessel classified as Landing Ship, Dock, the largest type landing craft built for the U. S. Navy, was christened and commissioned in a double ceremony at Boston Navy Yard July 31, 1945. She was sponsored by Mrs. W. V. Alexander Jr., wife of Commander Alexander, USNR, who was the aide to the commandant of the First Naval District at that time.

Instead of being launched in the conventional manner, Donner was assembled in the drydock and when the hull was completed, she was floated out. This necessitated the christening and commissioning ceremonies to be performed on a float alongside the huge craft. The ship was named in honor of Donner Pass over the Sierra in California.

On August 11, 1945, she stood out from Boston and after two days underway, she arrived at Hampton Roads, Va., to commence her shakedown training. During this period, the crew gained experience in handling the small craft which she carried and in handling the ship in beach head approaches. This training duty continued until October 3, at which time Donner secured and put in at Norfolk, Va.

After loading three YSD's, she stood out on a run to New Orleans, returning to Norfolk October 12 and moving then to New York. There she commenced a series of runs along the eastern coast while transporting small boats to various boat pools along the coast. During this period the Donner touched many ports—including Boston, Charleston, Newport, R.I., Jacksonville, Fla., and on one trip to the Caribbean, she stopped at Guantonamo Bay, Cuba.

On November 3, 1946, Donner cleared the U. S. for her first tour on foreign station. This assignment was to carry small craft repair parts to the Mediterranean area and deliver them to the various units of the fleet in that area. On November 19 she arrived at Naples and the following day she stood out for Izmir, Turkey, arriving on the 23rd. Three days later, in company with cruiser Fargo, carrier Randolph and destroyer Perry, Donner got underway from Izmir and made brief stops at Marmarias and Bierut in the Near East and at Piraeus, Greece, proceeding to arrive at Gibraltar on December 12, 1946. The following day, Donner stood out from Gibraltar and arrived at Norfolk December 24.

On February 17, 1947, she cleared for Guantanamo Bay, Cuba, arriving the 24th for a two weeks stay. Donner returned to Norfolk on March 11 and then commenced a series of runs on the Atlantic coast. This duty continued until early 1948.

January 31, 1948, Donner cleared Norfolk and operated in the Caribbean area during the Second Task Fleet's exercises. During this time the vessel touched at Fredricksted, St. Croix; St. Thomas, Vieques; and Kingston, Jamaica, in the Virgin Islands and Puerto Rico areas.

USS Donner returned to Norfolk March 19, 1948 and was decommissioned and deactivated at Charleston, S.C., August 12, 1949.

She was recommissioned there on September 18, 1950, and is preparing to carry out further overseas assignments.

The Donner is 457 feet overall, has a full load displacement of 9,375 tons, a speed of 15 knots and a crew of 340. Her present commander is Cmdr. David S. Edwards Jr., USN, 39, a native of Piedmont, Calif. During the recent war he was awarded the Silver Star, the Legion of Merit and the Bronze Star.

Stuarts Leaving, Resign Ski Club Offices

TAHOE CITY— Lake Tahoe Ski Club met in Tahoe Community hall last Friday night. Jake Stuart presided and 50 members attended.

Ray Fellows made a motion to clarify by an amendment to the constitution a provision setting aside 10 per cent of the club's gross revenue to be spent at the discretion of the junior ski director, this year Kay Starratt, to promote junior skiing. A vote will be taken on this at Friday night's meeting, November 17.

Deep regret was voiced by all present when Mr. and Mrs. Jake Stuart, president and corresponding secretary respectively of the club, tendered their resignations. The family will move soon to a 3,000 acre ranch in the Susanville area which Stuart will manage for Clinton Turnage. They will be accompanied by their two sons, Jay and Ned, both members of the Lake Tahoe Ski Club ski team. Highest tribute for their efforts in behalf of the club was voiced for all by Miss Starratt, followed by a rousing vote of thanks. They will return to attend the club's junior tournament and the FWSA A, B, C and D jumping and cross country competition February 10-11.

Vice President Bill Jenkinson took the president's chair and Robert Stark moved up from second to first vice president. A new second vice president and a corresponding secretary will be named at the next meeting.

A movie on beaver control was shown and refreshments served by Miss Starratt and Mrs. Jack Starratt. A Standard Oil travelogue will be shown at the next meeting with Mrs. Margie Fellows hostess.

Vacation at Bay—

Mr. and Mrs. Louis Rosenblatt of Tahoe City are enjoying a week's vacation in the bay area. Sam and Gertie Landisberg are operating their business.

Bound Over to High Court On Charges of Theft

TAHOE CITY— Justice of the Peace C. W. Vernon November 9 conducted a preliminary hearing for Dan William Choat, who was bound over to superior court on a felony charge. The charge grew out of the theft of an outboard motor from a boat belonging to Y. Fenton Ball, Tahoe City, and valued at over $200. In a statement taken from Choat in Auburn, he allegedly admitted theft of the motor and taking it to Lincoln where it was hidden. Ball identified the motor by comparing the motor number with a bill of sale. Date for the trial at Auburn has not yet been set.

Judge Vernon also issued a warrant for the arrest of John Jesse Allen, who allegedly forged the name of Terry Boyer to a check drawn aganst the account of James Easton. Allen reportedly was recently released on parole in Nevada County to enter the service but came to Tahoe and secured work at a service station.

200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one this year. But we're speaking here of *new owners* only.

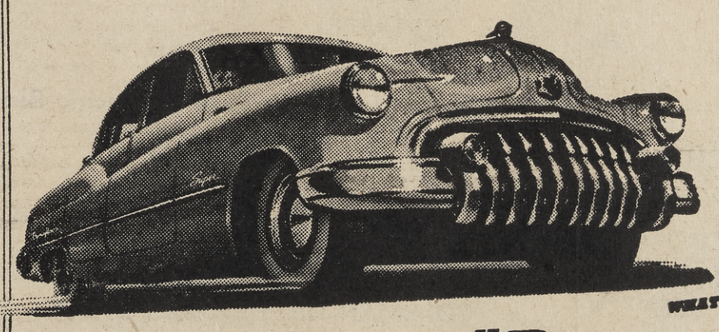

We can name many reasons for this landslide — including Fireball power — an incomparable ride — and Dynaflow Drive.*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Urge Appointment Now Of Elected Supervisor

A resolution requesting that Guy N. Robinson be appointed to the Nevada County board of supervisors immediately was adopted by the board which met Monday morning to canvass ballots of the Nov. 7 general election.

Robinson, Indian Springs rancher, was elected supervisor from the 4th district in the recent election in a runoff race with Ed J. Kohler of North San Juan.

The board has operated without a member from the 4th district since the death of Warren Odell September 10.

The resolution asked that Governor Earl Warren appoint Robinson to the job at once. Under ordinary circumstances, Robinson would take office January 8.

County Gets Share From Liquor Licenses

Liquor license fee earnings during the six months ended August 31 amounted to $3,135,793, according to J. L. Seawell, member of the state board of equalization from the 3rd district. This sum is being distributed this month among the cities and counties of the state and will bring the total payments during this year to $8,218,384.

The unincorporated area of Nevada County receives $4,954.38 from the present allocation. The city of Grass Valley obtains $2,283.75 and Nevada City gets $2,650, bringing this county's total to $9,888.13.

The many friends of Camy and Bill Althof will be relieved to know that Camy is recovering nicely, although still confined to the Washoe general hospital following the premature birth of their infant daughter last Thursday night. The infant passed away Saturday morning despite efforts to save it. Burial took place in Reno Tuesday. Many hearts are with you, Camy and Bill.

The community pot-luck night for the community churches of Truckee and Kings Beach, held at Carpenters' Hall on Tuesday night was a huge success, despite the fact that old man winter had moved in to the area with a vengeance, making it hardly possible for those of the Truckee area to attend. There were about 50 present reporting a wonderful evening.

Walter Hapgood was very happy to have his parents and little brother, Jimmy, up for the past weekend. Walter's father is associated with the Hapgood-Roller Mortuary at Palo Alto.

Mr. and Mrs. Wm. Strum of Reno were weekend guests in the A. E. Abbott home. The visitors have decided to try living in Los Angeles for a while where they have purchased a new home after selling out in Reno.

Larry and Lillian Rood of Kings Beach were recent visitors at the A. C. White home in Alta and while there, they all enjoyed a visit to San Francisco.

Mr. and Mrs. M. Siple are back from vacation.

Mildred and Snowden Burch really do like their new Plymouth.

Just received word that Mrs. Charlotte Sanford of Fallon, Nev., was very seriously injured in an automobile collision. Mrs. Sanford is the aunt of Dudie Burroughs, our son's wife, so we are on our way over there now.

Rotary Club Program Features Atom Expert

The local Rotary Club had as a program on November 6 a short wire recording of an interview with Gordon Dean, chairman of the atomic energy commission. Sodolski of Loyalton was a visiting Rotarian.

There was no meeting this Monday. Instead, the club met last night with the 20-30 Club at Cozzi's Cafe.

Tarzan

by EDGAR RICE BURROUGHS

AS TARZAN CONTEMPLATED HIS FATE, LUSHA, THE PRINCESS, EMERGED FROM THE SHADOWS. SHE WISHED TO HELP, FOR TARZAN HAD SAVED HER LIFE.

TARZAN'S QUICK MIND SOON FORMED A DARING PLAN. "WHEN THE WHITE MAN ATTEMPTS TO KILL ME TOMORROW, RELEASE THE CAGED ANIMALS!"

THE NEXT MORNING TARZAN WAS LED TO THE WATER'S EDGE AND BOUND HAND AND FOOT.

"THIS IS AN IMPOSTER," SHRIEKED BLAKE, "A DEMON WHO DARED ASSUME THE COLOR OF YOUR RULER. THROW HIM OVER!"

THE MEN WERE AFRAID TO DISOBEY. SUDDENLY, A HIDEOUS CLAMOR MADE THEM HESITATE.

TARZAN SMILED GRIMLY. A SAVAGE HORDE CHARGED DOWN ON THE STARTLED GROUP. LUSHA HAD CARRIED OUT THE APE-MAN'S ORDERS!

JOE, WHY DON'T YOU TAKE MORE PRIDE IN YOUR APPEARANCE, LIKE OTHER MEN?

WHAT'S WRONG WITH ME? I LOOK ALL RIGHT!

IT'S THOSE CLOTHES, FOR ONE THING! THEY HAVE NO STYLE, AND THEY ALWAYS SEEM TO BE IN NEED OF CLEANING AND PRESSING! AND YOU DON'T SHAVE AS OFTEN AS YOU SHOULD!

MAYBE I DON'T BUY A SUIT EVERY WEEK, AN' MAYBE I DON'T SHAVE EV'RY DAY, BUT I THINK I LOOK PRETTY GOOD!

SO BLANCHE THINKS MY PERSONAL APPEARANCE ISN'T ALL IT SHOULD BE!---MAYBE SHE'S RIGHT!

I CAN GIVE YOU EVERYTHING BUT THE SHINE, JOE! MY SHINE BOY TOOK THE DAY OFF!

GIMME TH' SHAMPOO, SHAVE, HAIRCUT AN' MASSAGE! I'LL GET TH' SHINE SOMEWHERE ELSE!

MAY I SAY, SIR, YOU HAVE EXCEPTIONAL TASTE IN CLOTHES!

THANKS! I BELIEVE YOU'RE RIGHT! JUST THROW TH' OLD RAGS AWAY!

HMM! NOT BAD, NOT BAD! BOY, WILL BLANCHE'S EYES POP!

HECK! I FORGOT TO GET MY SHOES SHINED! OH, WELL, THEY DON'T LOOK TOO BAD!

DA DA DA! TUM TI TUM

DID YOU HAVE SOMETHING ON YOUR MIND, JOE?

WELL! DON'T YOU NOTICE ANYTHING DIFFERENT?

N-NO!... OH, YES! YOU HAVE A NEW PAIR OF SHOES!
